What does MythEle do?

MythEle is a registered trademark of Wenzhou Meixun, established in 2016, dedicated to becoming a leading expert in high-end low-voltage electrical system solutions. We take solving customers' pressures and challenges as our mission and are committed to creating exceptional value for our customers.

MythEle focus on the electricity safety products for household, commercial, industrial and similar installations. Such as Miniature Circuit Breaker (MCB), Residual Current Circuit Breaker(RCCB), Residual Current Circuit Breakers with Over-current Protection(RCBO), Switch-Disconnecter, Distribution Box, Waterproof Box, Moulded case circuit breaker(MCCB), AC Contactor, Photovoltaic System and smart circuit breakers of IoT.

More than 5,000 square meters of factory area

Fast production delivery capability

Professional technical information and customized services

Provide OEM processing, ODM research and development services

Professional technology and sales team to solve customer problems – just feel free to ask!

CORPORATE CULTURE

We are tireless and dedicated to the research and development of high-tech products, committed to leading new trends in the market. We regard quality as our life, service as our lifeblood, and reputation as our unwavering pursuit...
